The GEARS member Pledge:

As members of GEARS, we recognize the importance of technology, and how it affects our quality of life. I/We hereby agree:

- To foster the understanding of Engineering and Robotics within our community.
- To encourage new ideas and creativity in individual and group activities.
- To demonstrate conduct that creates, promotes, and maintains a learning environment that is open to all people, regardless of race, religion, gender, disability or age.
- To respect our mentors and fellow team members at all times.
- To exhibit Gracious Professionalism, especially during competitions.
- To avoid injury to ourselves, to others, and their property.
- To support all Society members in following this code of conduct.
